CUT HIS HEAD.

Jim Lewis Fell Off the C. and O. Railroad
Last Evening—Was Drunk.

Jim Lewis, colored and drunk, fell off the C. and O. railroad.

Not being able to wait till Bell's Circus came, and having a desire to pay revenue to Uncle Sam, he concluded to do a circus of his own.

But whisky and athletics do not go well together, so Jim had not done more than two weeks when he had some extra "feets" in the circus bed.

Or else a cut or two on the head which let out the bone Jim is none the worse for.

Drunks men always ought to walk on treases and in dangerous places.

CHEAP STREETS.

Newport Making a Good Record—While
Here Stands Old Mayville.

Newport is making a record for itself in the matter of making good streets at a very low cost.

The improvement of Sixth and Broad Streets and the removal of the old bridge, the former being a stone arch, the latter a wooden arch, has been a great success.

"This is the cheapest and best street we have built. It will cost property owners \$1 to \$2 less per foot than the old bridge did, and we thought it would cost \$100,000 to \$150,000 to build it.

All the one-horse towns in Kentucky are trying to make good streets, and Mayville is one of them, which is a showy city, is content with double coat for dust and mud.

Can twists be found—two on the head, one on the neck, and another on the knee?—each for a dollar? Who will immortalize himself by wearing the hair of the City Council and securing for the people the right to wear it? From the antiquated which once turmped which disgraced Mayville?

The Bank of Williamstown, in order to escape the unjust burden of taxation heaped upon it by the fool Democratic Legislature, has reduced its capital stock from \$100,000 to \$50,000.

There is no National holiday, not even the Fourth of July. Legal holidays differ in the various states, being determined by law. In Kentucky the legal days are January 1st, February 2nd, May 30th, November general election day, Thanksgiving Day and December 25th.

The Chicago Post remarks very truly that when the day of reckoning comes and the actual facts are known, the people will have a few things to say to the yellow journals who have lied to them as well as to those officials who have been derelict in their duty. Distortion of facts has merely made it harder for "the loved ones at home."

When Uncle Sam's troops first occupied Santiago the Spanish merchants refused to accept American silver dollars for more than fifty cents, the result of the long use by them of the silver of Mexico and the South American countries, which never passes for more than half its face value. They were not long in learning, however, that one of Uncle Sam's dollars, whether it is Gold, Silver or Paper, is just as good as any other dollar.

In Washington the prevailing belief among Government officials is that the War Revenue Law will remain on the statute books for a year from next December at least. It is conceded in advance that all efforts to repeal the measure during the coming session of Congress will fail. It is understood that the policy of the Administration will be to reduce the public debt as fast as possible while these big revenues are coming in.

SENATOR LINDHARD is in favor of territorial expansion, and should take a prominent place. "If we should only take Manila and the Ladrones," said he, "we will get ourselves in trouble with France or Germany, or whatever country takes the remainder, and for that reason, I think, we should take all or none." Theirs our sentiments, Senator, and you have the *LEDGER*'s full permission to make your views known in the Senate.

The Merchants Association of New York has sent to President McKinley a letter saying:

"By your calmness, your patient amid most exciting and exacting circumstances, your inspiring determination do fully and nobly what would have been done by the cause of this country, you have been an inspiration, not only to the troops in the field and to those on the ships, but to the people who were watching in home watching your course daily."

The tribute is well earned and expressed with discrimination.

THE Army approximately numbers 800,000. The death in the Army in the past three months have numbered almost 1,500.

The population of the District of Columbia is 300,000. The deaths there in the last three months have numbered almost 1,500.

There have been no charges of medical or hygienic neglect of the inhabitants of the District of Columbia, which are about equal in number to the Army, and the deaths have been 200 more in three months. Why?

Poisoned Family Better.

All But Four of Those Made Ill at Russelltown Improved—Four Completely Recovered.

ELIZABETHTON, Ky., Sept. 2.—The Reid family and their visitors, Mrs. D. Richardson and Mrs. E. Roberts, who were poisoned Tuesday, are much better. Of the eight who were poisoned, two have recovered completely, but Mrs. D. Richardson and Mrs. E. Roberts, of Elizabethton, Tennessee, Kentucky, and Miss Bertha Reid and Robert Reid, son of James Reid, are still confined to their beds. The doctors say that the patients showed conclusive evidence of arsenical poisoning, and Jas. Reid's case was one of vertebral poisoning. Parts of each dish of the food had at Wednesday's dinner will be analyzed.

HORN CREEK, Ky., Sept. 2.—Lee Latimore, of this place, was born in Kentucky on the White farm, six miles from here, and has been dreaming for quite a while of seeing human bones in that vicinity. He told his dream Thursday morning, made up a party and visited the spot, and on investigation it proved to be an Indian burying ground 60 by 20 feet. It was opened and the most found 12 skeletons, parts of which were discovered a part. Several rings, pieces of coral and beads were found. Further investigation will be made.

Adj. Gen. Collier Resigns.

FRANKFORT, Ky., Sept. 3.—Adjt. Gen. Daniel R. Collier, resigned Thursday afternoon and Gov. Bradley appointed Wilbur R. Smith, of Lexington, to succeed him. Gen. Collier and Gov. Bradley both state that the resignation was because Collier desired to look after private business, but it was believed it had considerable political significance, and that Collier is shortly to be appointed to an important federal office.

THE BUYERS' GUIDE

A Big Wheat Crop For 1899.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Disc Drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what you tell them to do. The Empire Disc Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats and barley with the same gear. Size of the grain cuts no figure with the Empire. You do not have to sow four or five acres before you know what you are doing as with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned rubber conductors. The Empire drag bars are fastened to the top of the foot, five inches higher than on other drills and trash will not choke and stop the Empire.

EMPIRE
WHEAT DRILL

will drill corn successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a round, saucer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and held by this part will hold, and in order to sow a large or small quantity of grain per acre you simply pull a large or small cog wheel on the side which will move the feed bar and lift the grain to the proper height. High crop which is numbered and guaranteed to give you exact quantity of grain per acre—wheat, rye, oats, barley. The Empire has surprising ease in that it will not rub the boxes in five years as on other drills—not in twenty-five years. Buy the Empire and take advantage of 48 years experience. The factory now offers you the result of a life-time's study and invention, viz.: The Empire Disc Drill. Ask your grandfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 31 years old and still running. The Empire for 48 years had a national reputation—known and had the world over except Mason county. The Empire is not a cheap drill. It costs a little more than other drills. Perhaps that is why your implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 80 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.
